## Dave's All Right.

HUSTONVILLE, Feb. 8.—I noticed in your last issue that there were four tombstone men in your town looking for jobs from the defeated candidates. Please tell them they will never get me as long as these dear, good people, who now live here, remain. I will be here unless some stronger power than that mentioned in your last, calls me. These dear people have always stood to me like brothers and are still my friends and are ready to help me again should I call on them. I have been called by phone by both lady and gentlemen friends, republicans and democrats, expressing regret at my defeat. Why should I not want to live for ever with such people? I want to express my gratitude to all who helped me and will say that my political views are just the same as before. D. C. ALLEN.

## Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. New Stanford Drug Co.

As an indication of the large crop of Burley tobacco that will be grown in Kentucky this year, requests are coming to the agricultural office for seed from counties in which tobacco has not been grown in large quantities before. These requests are coming in large numbers from Greenup and Carter counties, Eastern part of the State, and Cumberland, Metcalfe and Barren counties, in the Southern part of the State. It is likely that the growing of tobacco will spread to the mountain counties during the next few years.—Frankfort State Journal.

A BILL was introduced Saturday in the House by Representative Voistead, of Minnesota, which provides a pension of \$12,000 annually for every President after he leaves the White House. No duties will be required of the retired chief executive, but if he should again be elected to the highest office in the gift of the people his pension would cease during his term of office. The bill does not provide, however, that the pension will cease if the ex-President should accept the office of United States Senator or any other Federal office.

THE prohibitionists of Texas do not seem discouraged by the refusal of the House to pass the bill submitting State-wide prohibition to a vote of the people and say they will keep up the fight. They claim that the failure of a democratic Legislature to provide for the submission of a constitutional amendment after a majority of democrats had declared for it in the primary will be a distinct advantage to the cause of prohibition when the fight comes up again.

THE corpses of 5,000 Chinese will leave Brooklyn to-morrow for China to find their last resting places. The bodies of the dead Celestials were disinterred from burying grounds all over the United States and placed in sealed caskets, which in turn were inclosed in pine boxes, each labeled with the name and history of its silent occupant.

WHEN Mr. Taft becomes President he will ride in an automobile furnished by the Government. That question was settled by the adoption by the Senate of the report of the conferees on the urgent deficiency bill, which carries an item of \$12,000 for the "purchase, care and maintenance of automobiles for the use of the President."

A DELAWARE man died while taking a bath and a New Jersey man shuffled off while reading his Bible. This should not put a stop to either bathing or reading the book of books, but there are some who will use it as an excuse to quit either or both.

IN a speech at Tampa, Fla., Mr. Bryan said the chances of Democratic victory in 1912 look good. Truly does hope spring eternal in the breast of the great Commoner and he is not by himself in believing that democracy is yet very much alive.

BELL county Negroes, in convention assembled, instructed for Allen Gibson, a Pineville Negro, for assessor, but we'll wager the white rads in that republican stronghold will take no Negro in "theirs."

Gov. WILLSON says positively he will not call an extra session of the Legislature for the consideration of the county unit bill and the temperance people had just as well let him alone.

WAYNE county, Ind., voted "wet" by a majority of nearly 1,000. Wayne was the 13th county in Indiana that has voted on the whisky question and the first to go wet.

HON. HENRY WATTERSON will make no more public addresses, having retired from public life. This is unwelcome news to the legion of admirers of the great man.

### POLITICAL.

Hon. Hugh Mahin, the present representative of Jessamine county, has announced his candidacy for re-election.

The Anti-Saloon League law, known as the county option bill, was overwhelmingly defeated by the Minnesota Legislature.

Judge W. H. Phillips, who has been county judge of Jessamine for 35 years, has announced for the democratic nomination again.

The Senate and House will probably lock horns over the plan to abolish the 17 branch pension agencies, one of which is located in Louisville.

The District of Columbia appropriation bill, carrying an aggregate of about eleven and a half millions of dollars, was passed by the Senate.

The statehood bill admitting Arizona and New Mexico separately to the Union probably will be brought up for consideration in the House next week.

James R. Dowdell, for ten years on the Alabama Supreme bench as an Associate Justice, was appointed Chief Justice, vice John R. Tyson, resigned.

The Texas House, by a vote of 85 to 44, defeated the resolution to submit State-wide prohibition to a popular vote. The Prohibitionists lacked two votes of a necessary two-thirds majority.

Jessamine county democrats will nominate candidates for county offices by a primary April 10. The Senatorial primary will be held the same day. All of the three candidates for Senator are Jessamine county men.

Representative Heflin, of Alabama, has introduced a bill appropriating \$100,000 for the purpose of sending to Japan, China and other Eastern countries agents who will inquire into trade relations and urge the use of American cotton goods.

Representative Swager Sherley's bill amending the national bankruptcy act in important particulars was passed by the House. Representative Clayton, of Alabama, led a minority in a futile effort to repeal the present bankruptcy law.

Congress has passed finally the bill to appropriate \$50,000 or as much thereof as shall be needed, for a survey of the "Lincoln Way" from Washington to Gettysburg, as one of the many methods of honoring the memory of the great President.

Representative Beflin, of Alabama, introduced a joint resolution instructing the director of the census to ascertain from the manufacturers of cotton in the United States every 60 days the amount of cotton that has been purchased and manufactured during the previous 60 days.

Three important election bills were introduced in both houses of the Tennessee Legislature, one of which takes the appointment of election commissioners from the governor and submits their election to a joint session of the two Houses. THE POSTOFFICE department rules that the mail boxes on the rural routes belong to the government even if the farmer does pay for them, and that they must not be used by any one to deposit bills in unless the bills pass regularly through the mails. Any person violating this law is liable to a heavy fine for each offense. It looks like the government ought to furnish these boxes if it lays claim to them.

HOLTZCLAW.—Mrs. Louisa Holtzclaw, who was so badly burned at her home near Preachersville a week ago, died of her injuries Friday and was buried at Lancaster Saturday afternoon after services at the Preachersville Baptist church by Revs. R. B. Mahony and J. Murray Taylor. Deceased was 77 years old and was the relict of the late Elias Holtzclaw. She leaves eight children, including Mrs. John C. Peoples, of this place. Those who knew her well say she was a most excellent, Christian woman.

LANCASTER.—Jesse Fox has a patented hemp brake in one of his fields, which is said to be doing the work of several hands, and doing it properly. It is rumored that Senator-elect W. O. Bradley will compliment his home town by using his influence to locate a handsome government building at this place. The old Marrs corner is said to be the proposed site of the contemplated structure. The report comes that Dr. W. S. Beazley is quite ill of pneumonia, at his home in Los Angeles, Cal. The death of Isaac Arnold occurred at Anderson, Indiana, and his remains were buried in Lancaster cemetery. He was a native of Garrard county, being a son of Henry Clay Arnold, Sr.—Lancaster Record.

THE PRIMARY.—The primary has come and gone and we are glad to state that it passed off quietly. The candidates and their friends worked like Trojans, the irrepressible and irresponsible "floaters" was pulled and hauling but the workers kept cool heads and there was no trouble. It is claimed by some that men from adjoining counties and other eligibles were voted but certainly nothing like that would be done in a family fight. The weather was reasonably good and a big vote was polled. By 7:30 Saturday evening it was known who the successful candidates were. Following is a list of them: W. S. Burch, for county attorney; J. D. Swope for circuit clerk; W. L. McCarty for sheriff; John C. Peoples for assessor; Dink Farmer for jailer; Geo. P. Bright for coroner. It will be remembered that Judge J. P. Bailey, for county judge; George B. Cooper for county clerk; Garland Singleton for School Superintendent; W. H. Shanks for Representative, James McKechnie for magistrate and I. M. Bruce for constable in the Stanford precinct, had no opposition and were nominated by the committee some two weeks ago. The returns will be canvassed to-day and the official vote will be given in our next issue. The majorities are decisive in all the races except that for sheriff, which from the best reports obtainable, gives the nomination to Mr. McCarty by 20 votes. The defeated candidates are holding up like the good democrats they are and they will all be found battling against the common enemy in November.

NOTHING worthy of mention was done in County Court yesterday.

DOGS killed three sheep belonging to David Street, of the East End.

FOUR rooms in my home on Logan avenue for rent. Mrs. Bun Withers.

D. R. DISHON rented the James Peoples farm of 110 acres for another year at \$146.
